Out of Hinds comes . . . Students! The campus comes alive with students as each new semester begins. Students. All students. The religious ones . . . the smart ones . . . the funny ones . . . the serious ones . . . the tall ones . . . the short ones . . . the students who practiced on the field after classes and those who stayed in the library until it closed . . . students who set goals and those who said, "live and let live," . . . a variety of students, but students just the same. No college campus is complete without its own special variety of students.

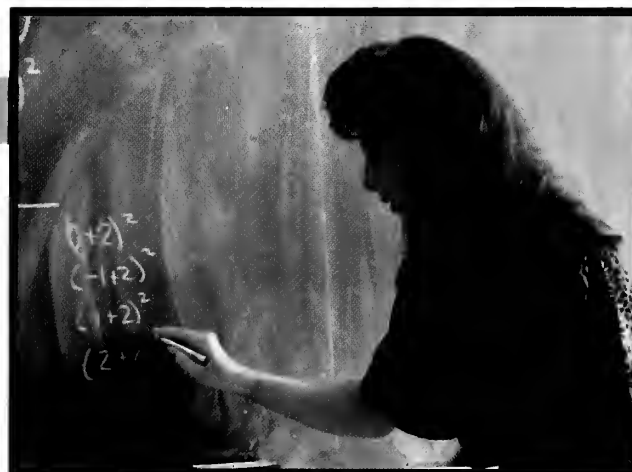

Out of Hinds

Out of Hinds comes Academics! Academics was the center of college life, no matter how important the other things may have seemed. Just as students tried to stretch their minds in class, studying facts and theories, our school strove to expand the means by which it instructed us. Hinds Community College faculty and students both pushed for the best possible academic program.

Out of Hinds comes involvement. For some it was Hi-Steppers or the band and for others it was on-campus jobs, clubs, etc. Activities at Hinds Community College gave students a sense of belonging, a personal perspective from which to view the college experience. No matter what activities a student may have taken part in, each provided memories that will last a life-time. Also, these activities students were involved in provided an education that books could not.

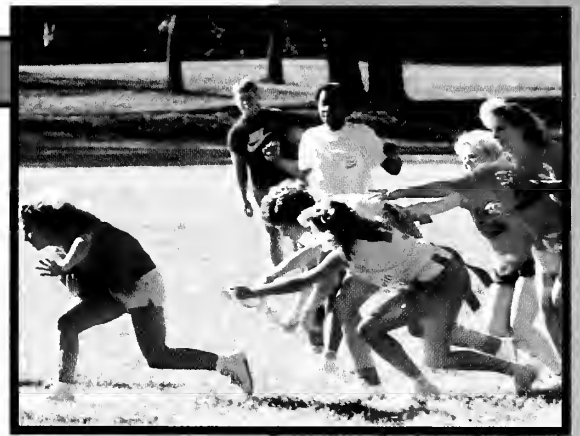

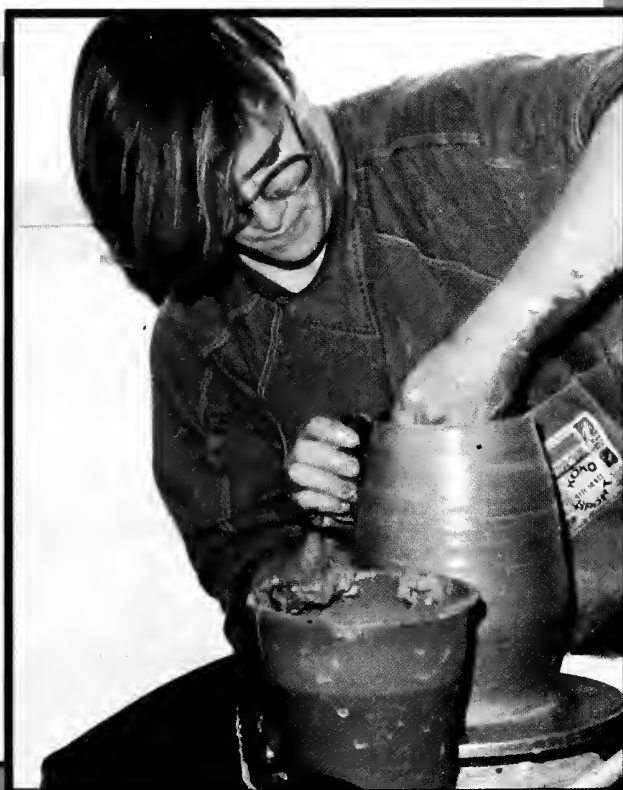

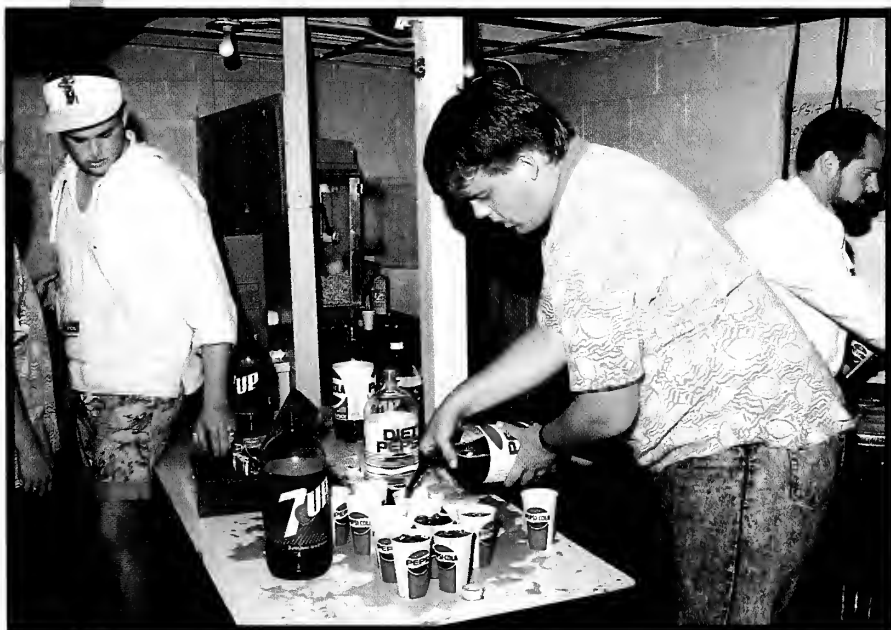

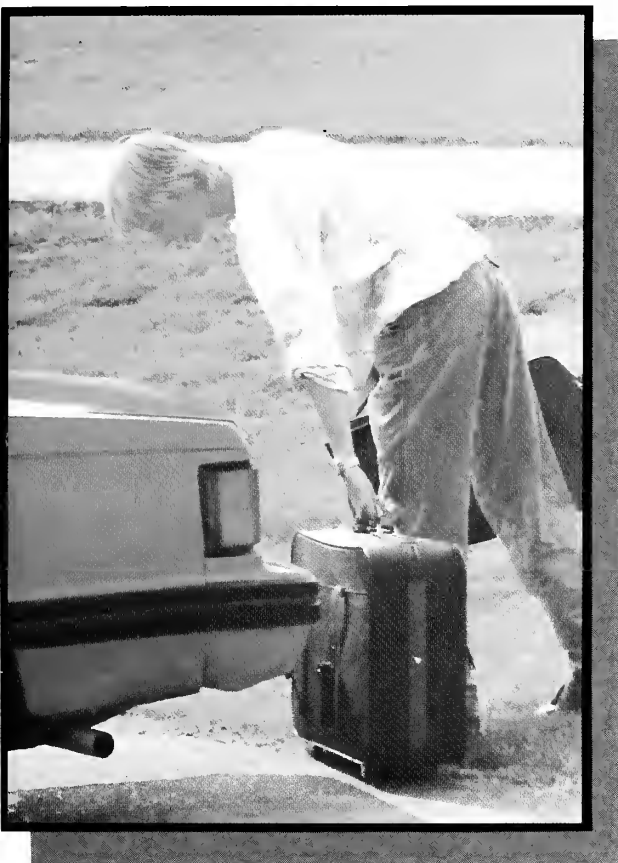

Out of Hinds

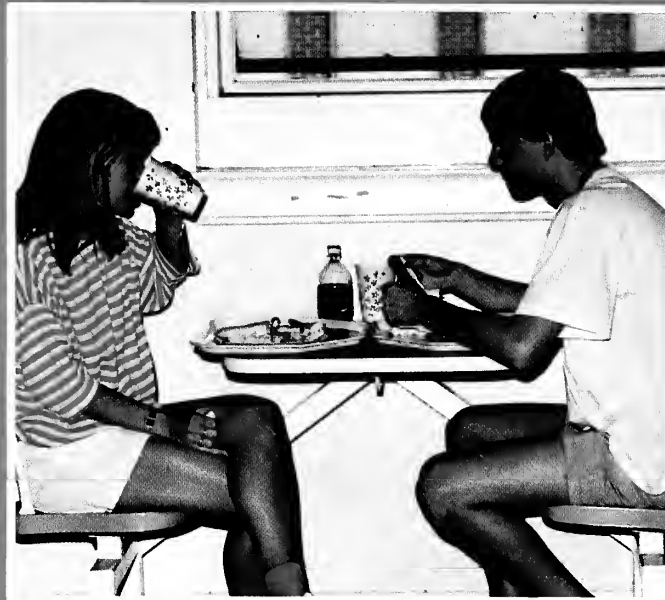

Going to college — we all have memories of that first day, right?! All those confused days of feeling disoriented and homesick somehow seemed to fade away as soon as we “got into the swing of things.” Of course, we all came to college to study, but as the old saying said, “Don’t let your book learning interfere with your education.” There are many aspects of college life through extracurricular activities, such as weekly meetings of various committees and organizations or participation in intramural football.

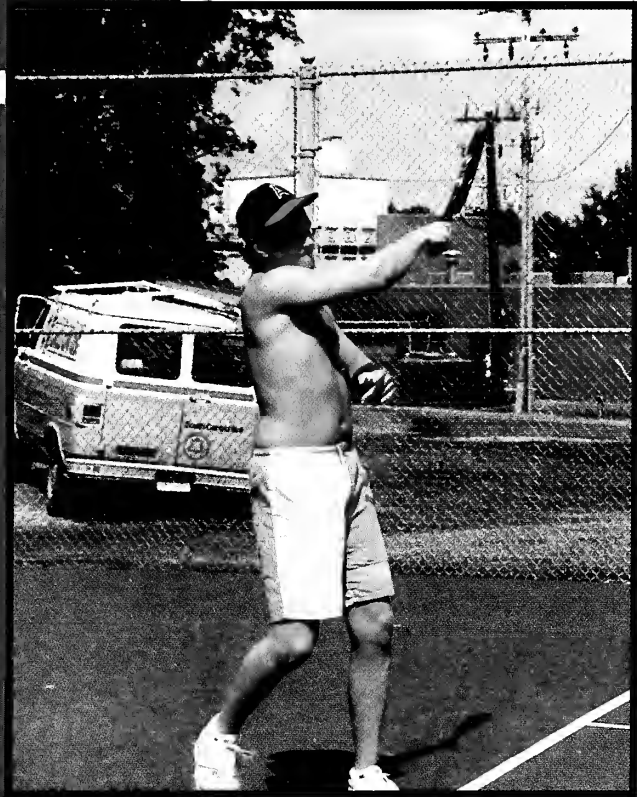

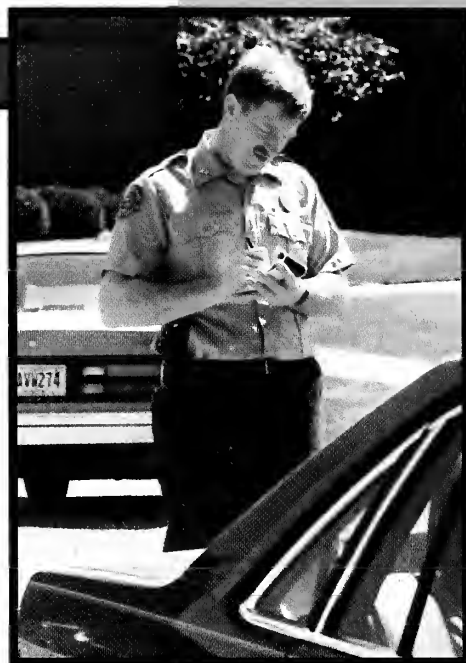

Out of Hinds comes many ways to spend time such as going to class, studying, playing a quick set of tennis with a friend, or taking part in a school activity such as a ballgame or a dance.

Students take advantage of the convenience of the Campus Bookstore. ►

◀ A student works to perfect her own creation.

◀ Quiet moments are stolen in the library during a busy school day.

Out of Hinds comes experiences like you will encounter during no other time in your life. We were told to enjoy it while we could, before we were on our own in the big, bad world. We got a taste of the world when learning to budget our never large enough supply of money and to be responsible for our own actions. We were told that the friends we made here would be lifetime friends. That special someone we shared our room and problems with will never be forgotten. Nor will those people who helped us to pass that dreaded science or math course. Hinds provided friends and memories that will last forever.

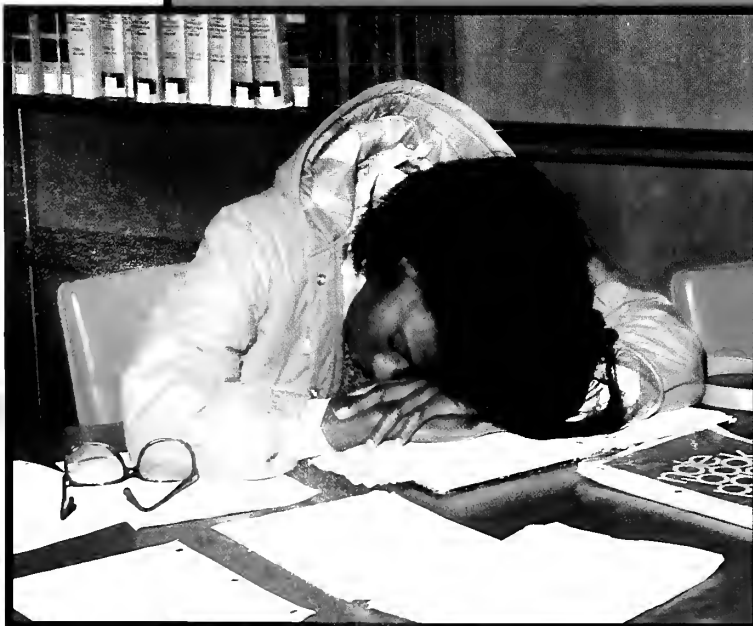

Out of Hinds

Hinds is so much to so many. It is a place to learn, to have fun, to grow in mind and body. To teach, to work, and to achieve the things we all know are possible. Life at college: studying, partying, making friends, learning about yourself, learning about others, growing into a whole new person.

We work and play hard. Getting adjusted to college is difficult and exciting, getting away from the nest and out on our own, living in the dorm, working, . . . growing up.

IN MEMORIAM

Hinds lost a legend December 9 with the death of "Mr. Football," Coach Joe Renfroe who had served Hinds for 40 years. Coach Joe, as he was known to all, served as head football coach, athletic director, golf coach and physical education instructor.

Joe Renfroe was born in Fort Myers, Florida in 1921. During his school years in Fort Myers he played football for six years.

Renfroe attended Tulane University in New Orleans, Louisiana where he played football from 1941-44. He played the positions of tailback and fullback during these years. In 1943 he was "All-American" and in 1943 and 1944 he was "All SEC." He received his Bachelor's of Education from Tulane in 1945. He later received his Master's Degree in 1952 from the University of Southern Mississippi.

Coach Joe coached at Gulf Coast Military Academy in Gulfport for two years and then worked for the government with the Corrective Rehabilitation Physical Education Program for one year and came to Hinds Junior College in 1947.

During his years as a coach his record stands at 132 wins, 76 losses, and 5 ties. His Hinds team won State Championships in 1952, 1954, 1957, and tied the championship in 1953. His most outstanding year with the Hinds Eagles was in 1954 during his first year as head coach. The Eagle team won the State Championship and were ranked number 1 in

the nation. The Hinds team was invited to play in the Junior College Rose Bowl in Pasadena, California and won the national title over El Camino Junior College. In 1954 Coach Joe was also named "Coach of the Year."

In 1957 Joe Renfroe coached the "All-American Team" and seven members of the Hinds team were members of this team. Over the years Coach Joe had many players who were named All American. Some of these include: Bennie Hawkins, C. J. Alexander, Olin Renfroe, Johnny Daher, Richard Stacy, Earl Leggett, Homer Boyd, Glynn Russell, Jimmy Stubbs, and Wimpy Martin.

Many of his former players went on to join professional football teams and those included: Bucky McElroy — Chicago Bears; Earl Leggett — Chicago Bears; Jimmy Taylor — Greenbay; C. J. Alexander — Jacksonville Sea Hawks; Ray Abruzese — Buffalo Bills and New York Jets; John Daher — Atlanta; and Olin Renfroe with the Canadian League.

In 1955 five of his players from Hinds were starters on the LSU football team. Many of his former players went into the coaching profession. Some of these are: Earl Leggett, Durwood Graham, Robbie Smith, Lester Bumgardner, Tim House, Bobby Robinson, Mike Vincent, Danny Neely, Ed Kelson, Willie Wilds, Gordon King, Joe Fooshee, Kenny Curtis, Burl Shipley, L. F. "Skin" Boteler, Jimmy Russell, Glynn Russell, Danny Haley, Jimmy Clarke, Jerry Clarke, Jerry Huskey, and Ivan Rosamond.

In 1969 Coach Joe gave up coaching football and became Hinds Junior College's fulltime athletic director and served in that position until July of 1987 when he relinquished those duties and returned to teaching physical education and coaching men's golf. He served for 40 years as a member of the athletic department at Hinds and he had been men's golf coach since 1976. His golf teams were State Champs in 1978, 1980, 1981, 1983, 1985, and 1987. Coach Joe was also named "Golf Coach of the Year" in 1987. In previous years he had also coached baseball from 1948 to 1955 and won four State Championships.

In 1983 Coach Joe was named to the "Mississippi Coaches Sports Hall of Fame." He is survived by his wife Irene Ruble Renfroe of Jackson; one sister; Mrs. Elwood Pool of Pinels Park, FL; three brothers, J.R. Renfroe, Jr., Orin Renfroe and Olin Renfroe, all of Fort Myers, FL.

For 35 years the Hinds Community College Hi-Steppers have represented the College and the state throughout the nation. Designated by the Mississippi Legislature as Good Will Ambassadors for the State, they have performed at all major bowl games, as well as at such events as the Canadian National Exhibition in Toronto, and at the Worlds Fair in New York and in New Orleans. Also, performing at the annual Neshoba County Fair and the New Orleans Mardi Gras has been a tradition for 25 years. They were pictured in the National Geographic while performing at the 1979 Neshoba Fair.

The Hi-Steppers are the third oldest precision dance group in the nation and have gained wide acclaim for their intricate routines and colorful shows.

Dr. Clyde Muse

President

Dr. Clyde Muse, President of Hinds Community College, is a graduate of East Central Junior College and also attended Delta State University and Mississippi State University. He was an educator and administrator in the state public school system before he came to Hinds as president in 1978. Dr. Muse is in charge of administrative duties of the school and also acts as a liaison with the state legislature and the Board of Trustees on behalf of the college. Dr. Muse and his wife Vashti also serve as official hosts for visitors at school functions and can be found showing their support at student activities.

District Vice-Presidents

The Hinds Community College is organized Administratively to operate as a single institution with campuses in Raymond, Utica, and Jackson; branches in Rankin and Vicksburg-Warren County. Each campus and the branches are administered by a vice-president who serves under the College President.

Board of Trustees

The Board of Trustees is a 15-member board that plays an instrumental role in the progress and growth of Hinds Community College with each member giving freely of his time and wisdom and sharing an insight into a more progressive future for all of the people served by the College. The Board of Trustees represents Hinds, Rankin, Warren, Claiborne, and Copiah counties which comprise the College District. Each of the five Supervisors' districts in Hinds County is represented and the Hinds County Superintendent of Education also serves on the Board. Each of the other four counties in the District is represented by the county Superintendent of Education and an appointee from the board of Supervisors from the respective counties. One member is elected by the Board of Trustees from the District who shall be a minority person.

Administration

Teaching is the primary purpose of the College. Our excellent faculty is the combination of a strong administrative and support staff network. Admissions, counseling, development, business affairs, financial aid, learning resources, cooperative education, resident life, public relations, and a host of other services complete the

community college package, where the students' needs come first, in and out of the classroom. The administration at Hinds is dedicated to the educational process. The education and practical experience background of the administrative body results in a better education for the student.

Eagles Win State Championship

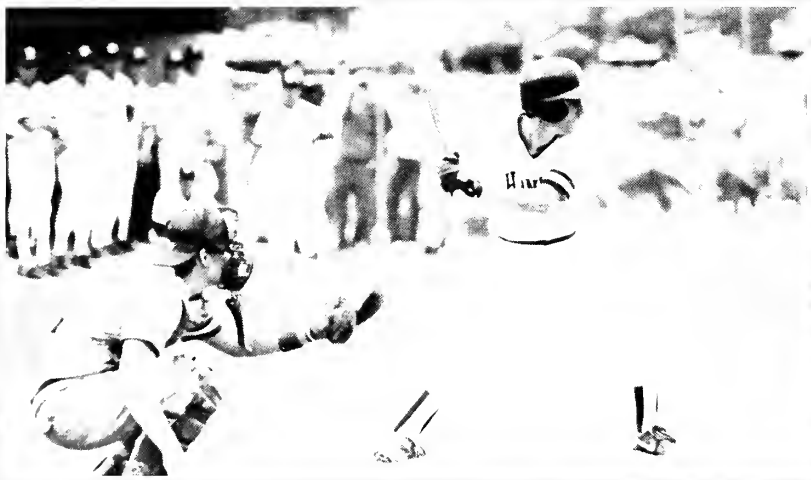

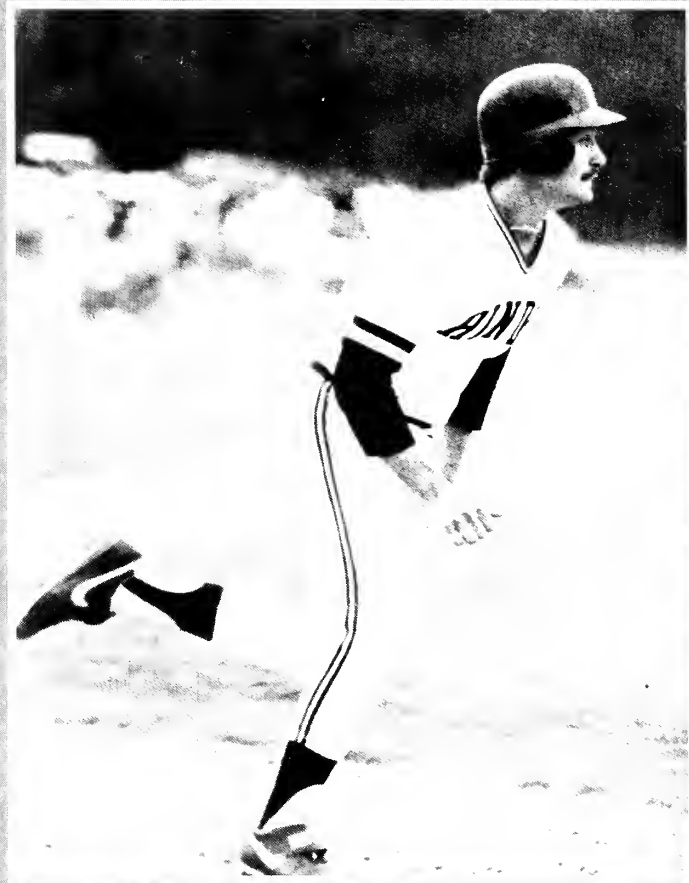

HINDS WINS STATE: The Eagles won their first State Championship in 37 years with a 10-9 win in game one and a 4-3 win in game two.

"It was short and sweet," said Hinds second baseman, Benny Rich, after the team's victory on the 1987 State Junior College Baseball Championship game. The Hinds Eagles won the title with a score of 4-3 over Mississippi Delta Junior College.

Rich doubled to left center in the bottom of the seventh inning to give the Hinds Eagles their first championship. The team had won the first game 10-9, 4/21, and the second game 10-9, 4/22. The game returned and as quick as an instant replay, it was over. The Hinds Eagles were the State Champions.

Alumnus of the Year

Dr. Clyde Muse presents the plaque for Alumnus of the Year to Dr. Nell Pickett.

Dr. Nell Ann Pickett was chosen the 1987 Hinds Community College Alumnus of the Year at the Homecoming Luncheon. She is a native of Utica and earned an Associate of Arts degree from Hinds in 1955, when she graduated valedictorian of her class. She is a nationally known scholar and has written numerous articles including textbooks.

Dr. Pickett is also an alumna of Mississippi University for Women, George Peabody College for Teachers of Vanderbilt University, and the University of Mississippi where she earned a Ph.D. in Higher Education and Student Personnel in 1977.

Hinds Connection member Bob Robinson escorts Alumnus of the Year Nell Ann Pickett from one homecoming activity to another in a merry little golf cart.

Building Dedications

◀ Moss Hall, formerly the Raymond Campus Cafeteria, was dedicated to William M. Moss. A retired Hinds Board of Trustees member, Moss was presented the award by Ted Kendall, Hinds Board of Trustees President, and Dr. Clyde Muse, Hinds President.

▲ Geneva and James Reeves were honored with the dedication of the James and Geneva Reeves Music Hall. Shown with the retired instructor and chairman of the Raymond Campus Music Department are Dr. Muse and Ted Kendall.

▲ Frederick Lee Brooks, Jr. was honored with the dedication of Brooks Hall, formerly Raymond Campus Fine Arts Annex, and Brooks Theater, formerly the Little Theater. Shown with Brooks is his wife Sue.

◀ Sharp Banks, who served 25 years on the Hinds Board of Trustees, was honored with a building dedicated to him at the Vicksburg/Warren County Branch of Hinds. Board of Supervisors from Warren County Jack Sturgis, John Ferguson, Carl Kelly, and Robert Walker were on hand to congratulate Banks, center.

Airframe and Powerplant Mechanics

This program prepares the student to take the FFA Mechanics exam.

Office Machine Repair

Training in this program emphasizes the functions of all standard office machines, as well as cleaning, repairing, and estimating the cost of repairs on these machines.

Business Technology

This program is designed to prepare students for employment in the secretarial field.

Distribution and Marketing

This program provides the student with three choices of study: Retail Management, Fashion Merchandising, and Real Estate.

Electronics Technology

The Electronics Technology program is designed to give students an understanding of electronic circuits and to prepare them for a job in electronics.

Drafting and Design Technology

This program is designed to give students the skills and experience for employment in the drafting and design field of work.

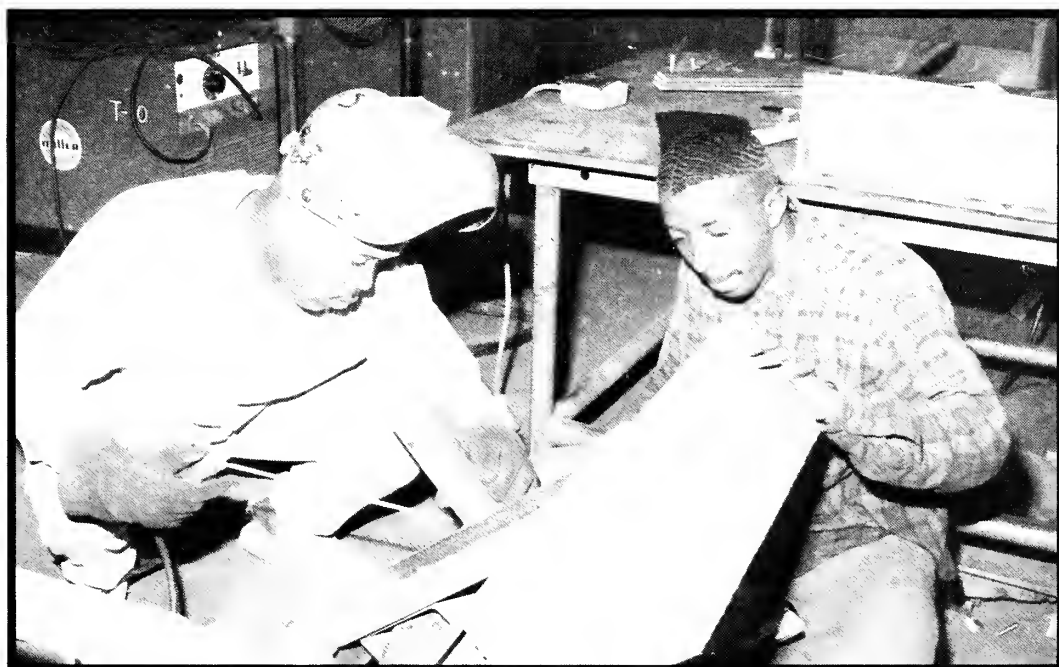

Computer Technology

This program is designed to prepare students for a future in understanding, programming, and analyzing computer operations.

Welding

This course is designed to enable the students to acquire the basic skill, the technical knowledge, and the related information necessary for employment in the field of welding.

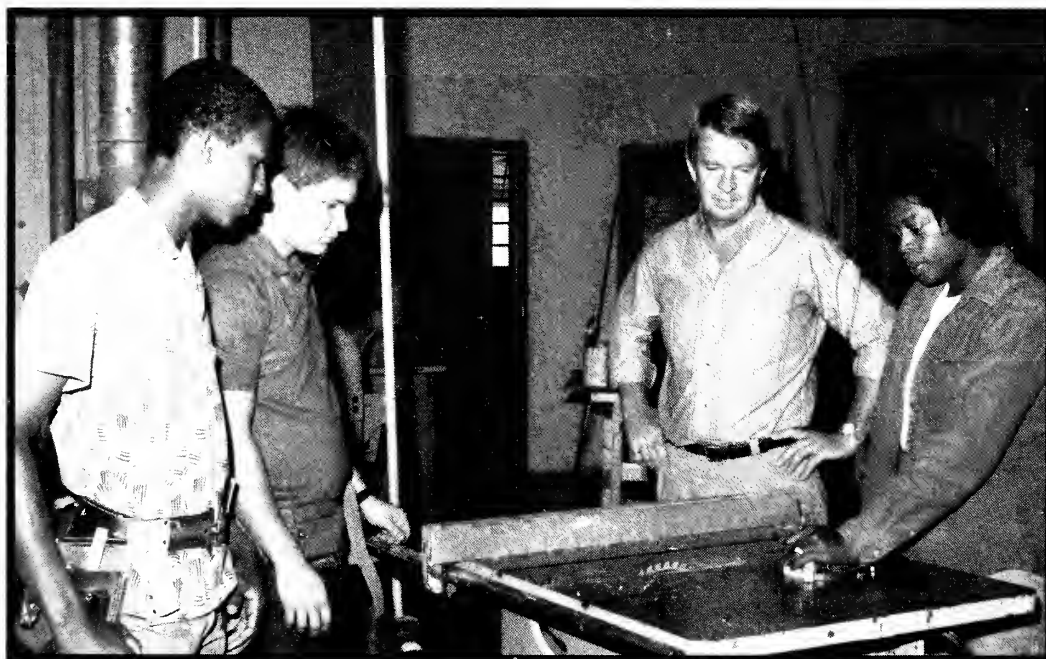

Radio and Television Servicing

This program gives instruction in electrical theories and their relationship to radio and television sets.

Medical Records

This program includes teaching students how to accurately number, file, classify, and analyze medical records.

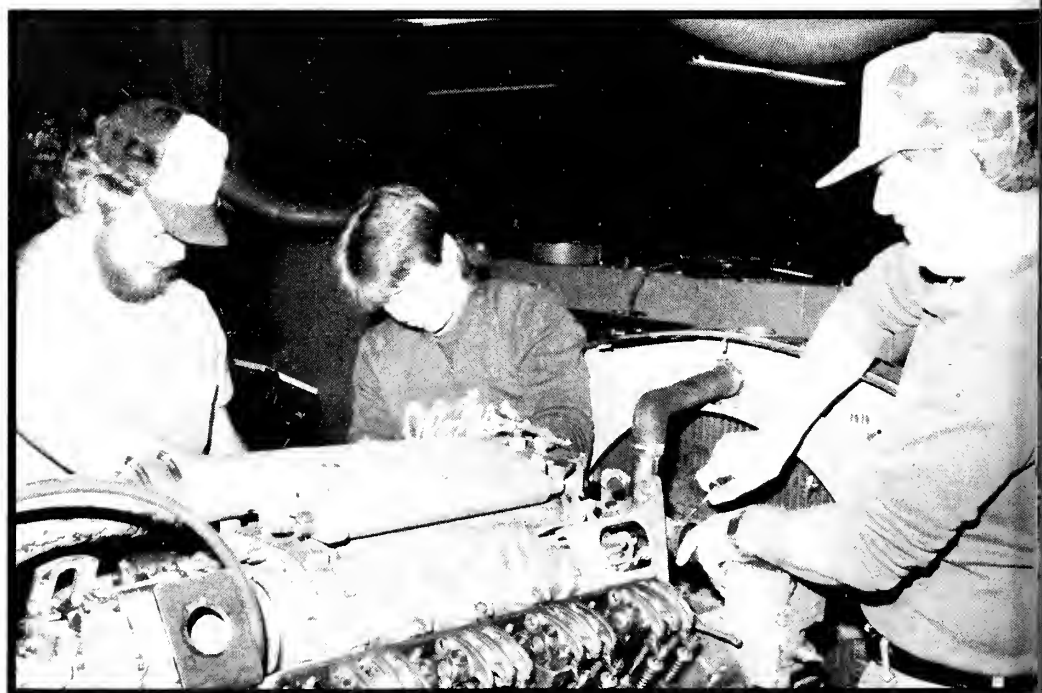

Carpentry

This program is designed to prepare student with the basic skills and technical knowledge of the carpentry trade.

Diesel and Truck Mechanics

This program gives students experience in overhauling engines, transmissions, clutches, and in dealing with other problems that are encountered in repairing trucks and many types of diesel equipment.

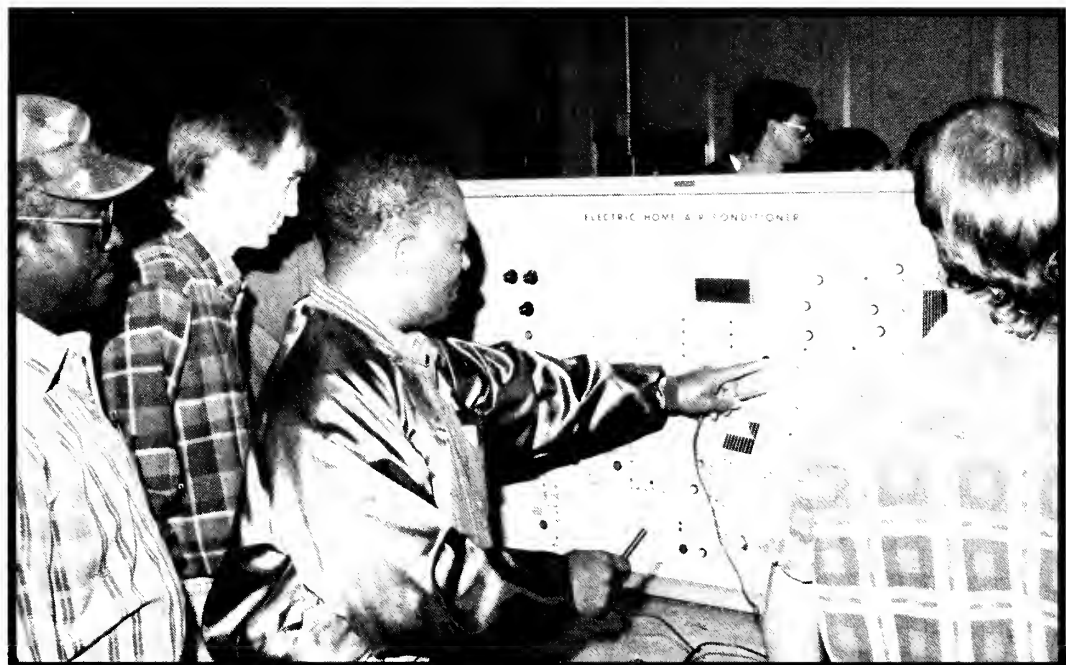

Machine Shop

This program is designed to prepare students for the beginning level of employment as machinists.

Refrigeration and Air Conditioning

This course provides students with instruction in the operating principles, procedures, techniques, and theory of air conditioning and refrigeration systems.

Agricultural Technology

This program enables students to learn the business aspects of owning and running a farm.

Automotive Mechanics

This program gives students experience in overhauling engines, transmissions, clutches, and in dealing with other problems that are encountered in repairing automobiles.

Bricklaying

This program is designed to prepare students for employment as brick masons.

Offset Printing

This program includes instruction in layout, pasteup, camera operation, plate making, color processing, printing, and binding.

Barbering and Hair Care

This program includes theory, laboratory shopwork, and other specialized learning experiences relative to haircutting, perming, styling, coloring, and skin care.

Meat Merchan- dising

This program is designed to give specialized training in the field of meat processing.

Automotive Body and Frame Repair

This program is designed to train for career opportunities as: sheet metal repair technician, painter, frame repair technician, service manager, insurance estimator, windshield and door glass technician.

Commercial Design and Advertising

Students in the CDA program learn layout, printing, and other aspects of design and advertising.

Automotive Parts and Sales

This program includes theory, laboratory, shop work, and other experiences relative to receiving, stocking, selling, and shipping merchandise in automotive after-market.

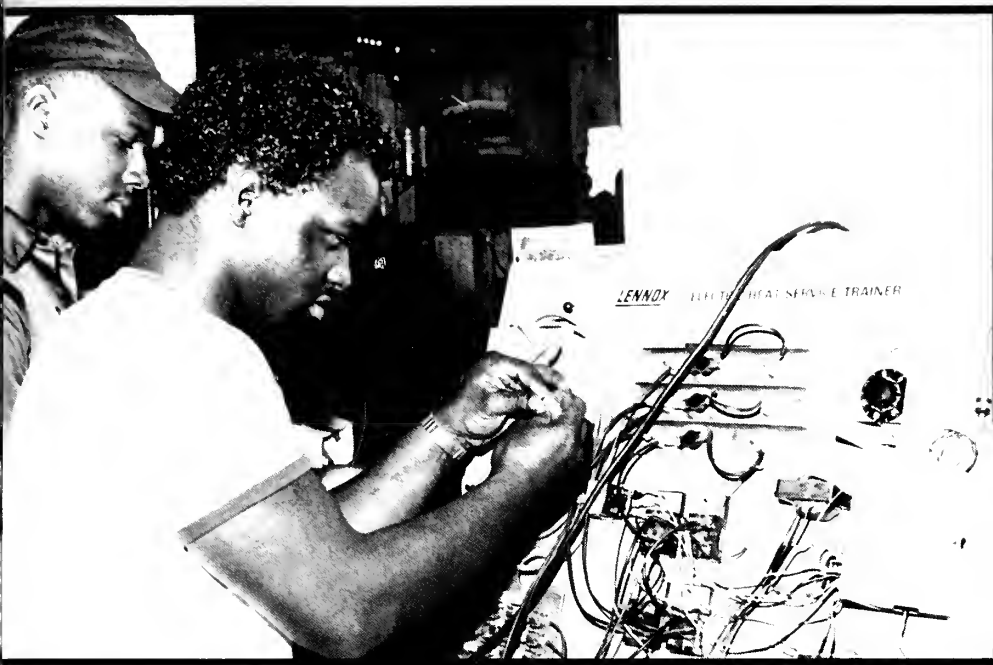

Landscape Management

The Landscape Management program emphasizes five major points: landscape construction-installation, landscape maintenance, landscape management, on-the-job training, and general education courses.

Electricity and Wiring

Upon completion of this program a graduate will be able to install and maintain electrical service to commercial and industrial users.

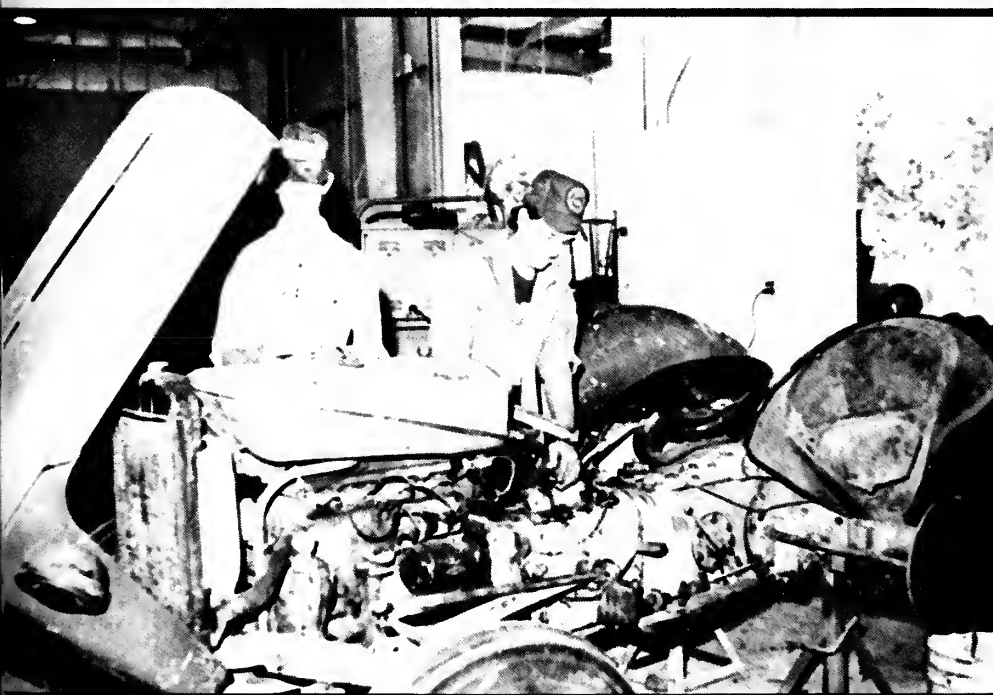

Industrial Drafting

This is a one or two year drafting program with emphasis on basic and advanced drafting techniques and basic architectural design.

Agricultural Diesel Mechanics

This program includes a study of engine design, use, maintenance, and repair techniques of agricultural diesel mechanics.

Computer Aided Manufacturing Technology

The Computer Aided Manufacturing Technology is a program designed to prepare students for the beginning level of employment as machinists.

Automotive Machinists

Courses in the Automotive Machinist program prepare students with the background needed in dealing with automotive machines.

Micro-Computer Information Processing

Instruction is given in electrical theories and their relationship to radio and television sets, receivers, and test equipment in the Radio and Television Program.

Dietetic Technology

The Dietetic Technology program prepares students for institutional food management.

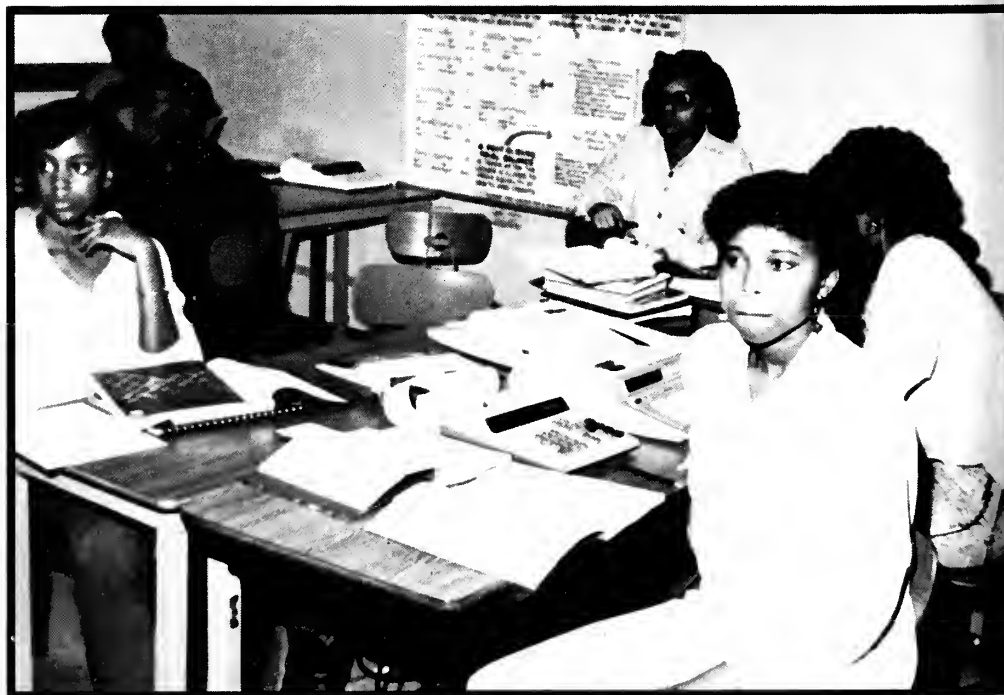

Hotel, Motel and Restaurant Management

Courses in Hotel, Motel, and Restaurant Management Program prepare students for the responsibilities of running their own business.

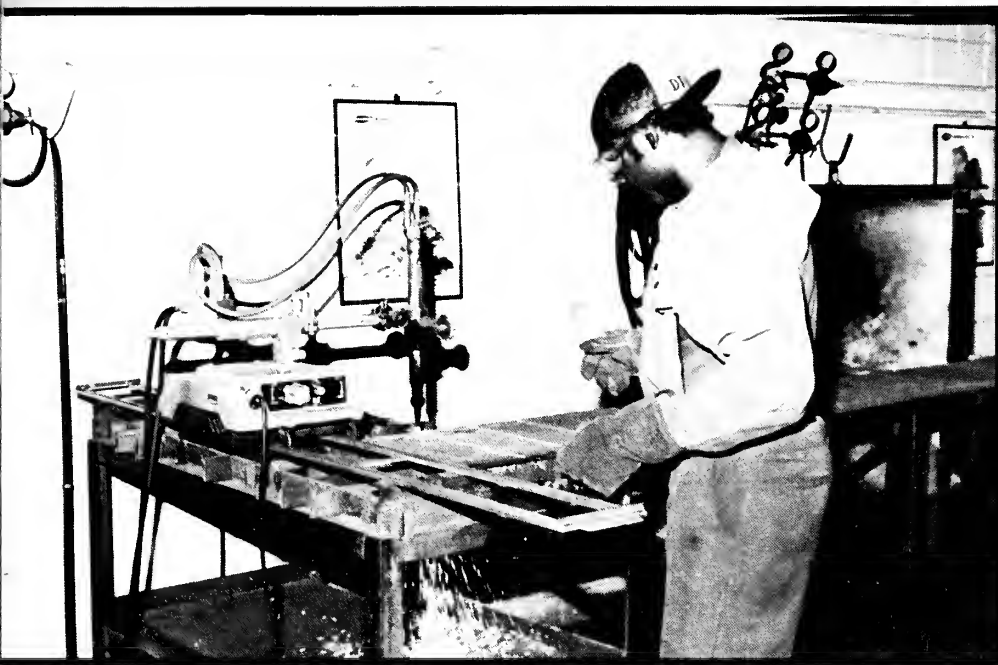

Business Technology

The Business Technology program is intended for those persons whose primary objective is to train for initial employment in the clerical field.

Welding

Basic skills and technical knowledge are needed for employment as welders and are offered in the Welding Program.

Child Care Development

Effective techniques of guidance and discipline, and practices of safety and health are included in the Child Care Development Program.

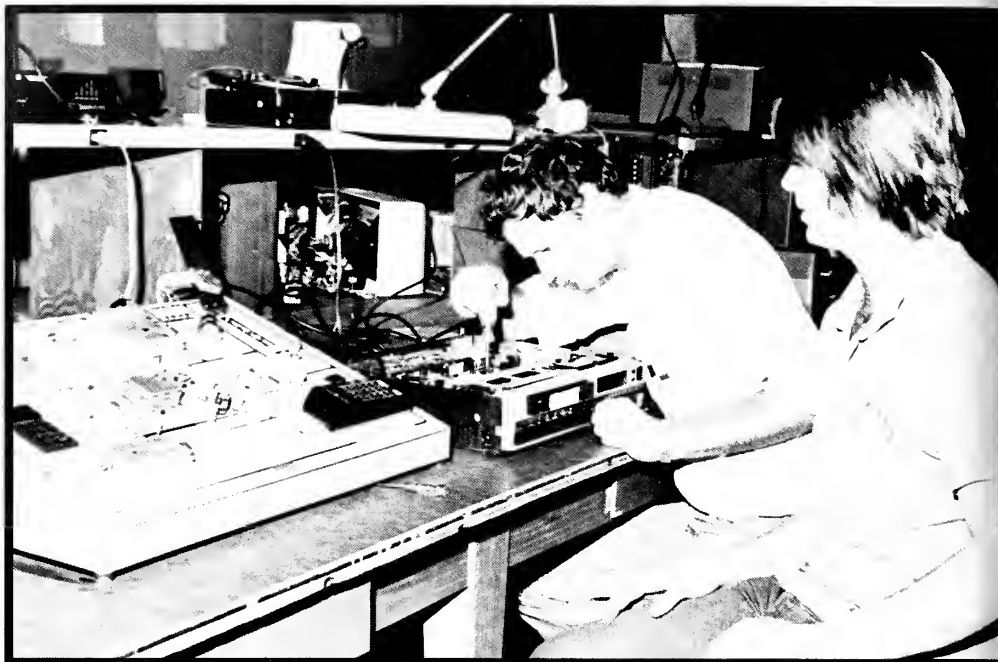

Automotive Mechanics

Students enrolled in the Automotive Mechanics Program receive much practical experience needed when repairing automobiles, which prepares them for employment as automobile mechanics.

Electronics Service Technology

Instruction is given in electrical theories and their relationship to radio and television sets, receivers, and test equipment in the Radio and Television Program.

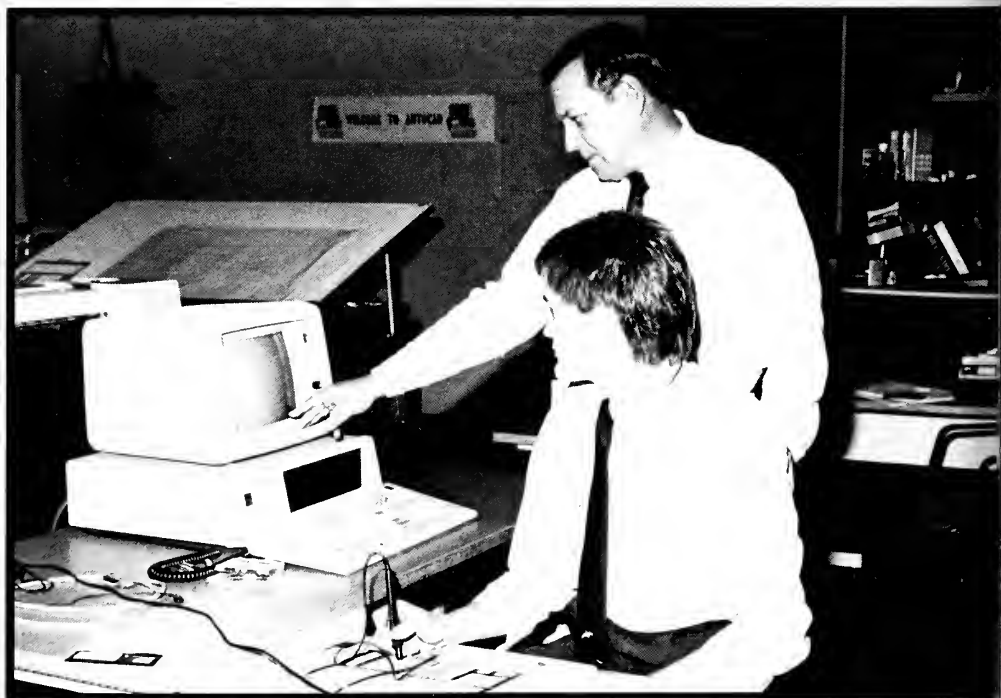

Dental Assisting

The development, function, structure, and organization of the dental program is present in the Dental Assisting program.

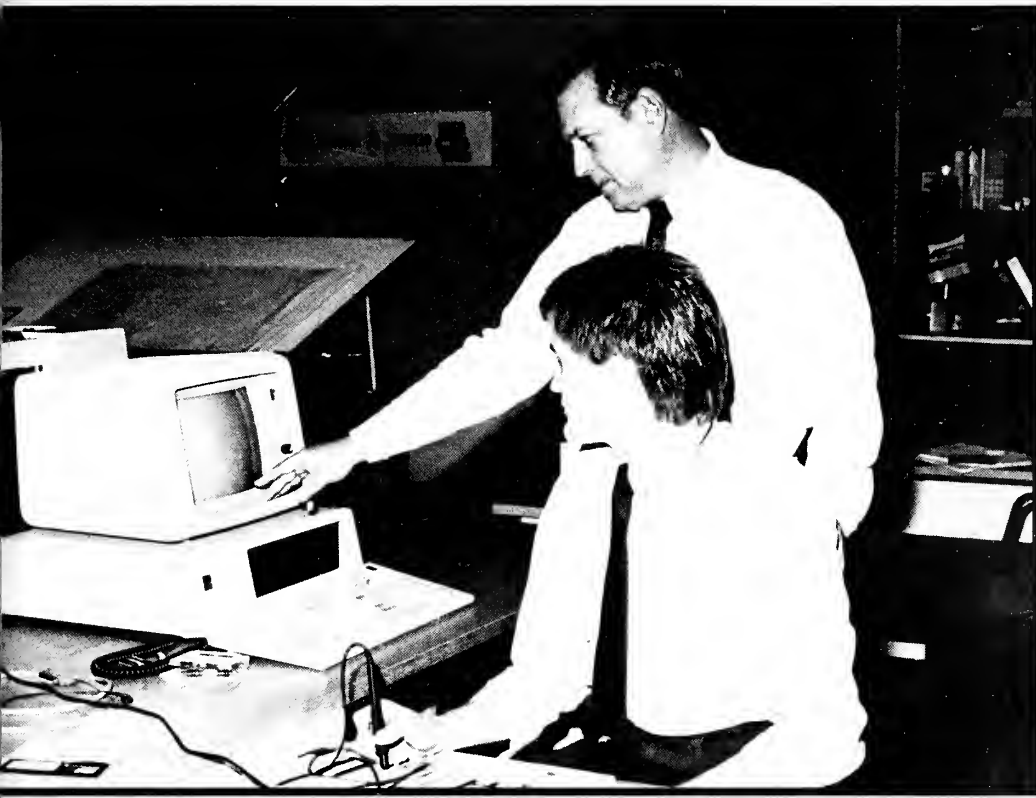

Micro- Computer Service Technology

Training in the Micro-Computer Service Technology emphasizes the functions and adjustments of all standard microcomputers as well as cleaning, repairing, and estimating the cost of repairs on these machines. Live operating equipment is used in the shop so that the student may solve problems similar to those found in actual work situations.

Computer Aided Design Technology

The Computer Aided Design Technology Program offers the student a one or two year program with the two year course involving a much broader course in the design field.

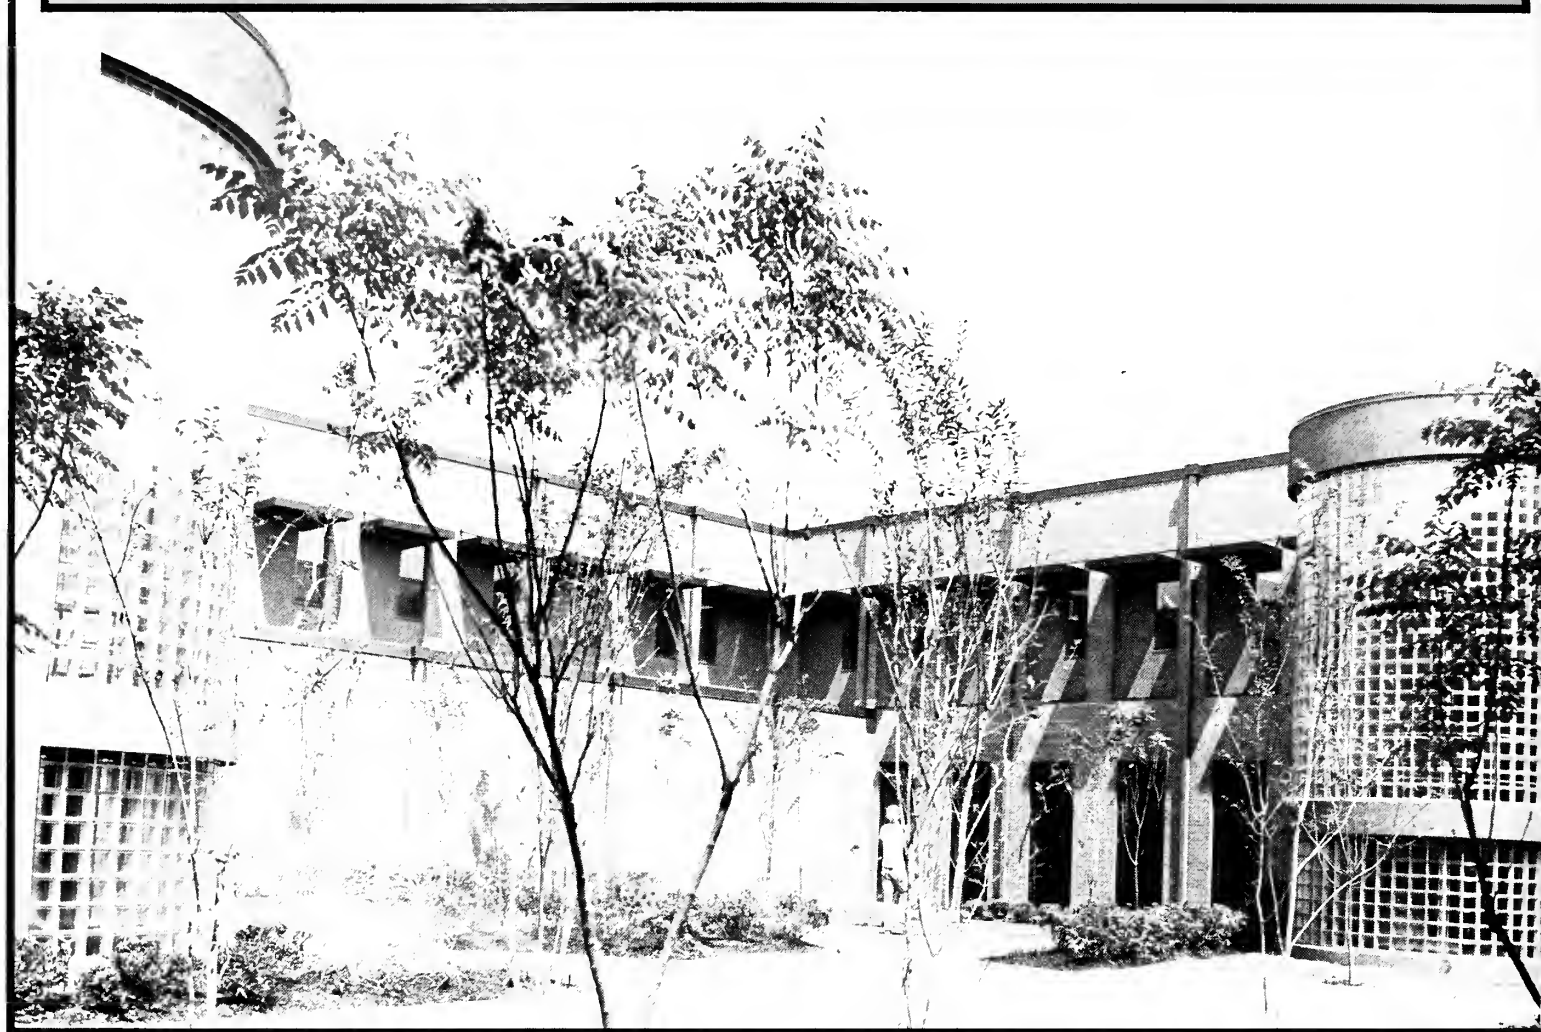

Bank Teller and Proof Organization

Students are trained in the Business Office Training Program for initial employment in the clerical field.

Editors' Message

WE DID IT! WE didn't think we would ever finish the 1988 *Eagle*. It was rough going for a while, but we did it.

We could never have finished the book without some very special people. First of all, we want to thank Bob for taking time out of his busy schedule to advise and support us even when we thought it was hopeless. Next, we want Brad, Kim B., and Robin to know that this book would have been impossible without all their help. We appreciate all they did for us — We love y'all. Also, thanks to the PR staff for their help and encouragement. A special thanks goes to our close friends, Kim S., Susan, and Becky, and to our families for listening to all the complaints and being there when we needed a shoulder to cry on.

The memories we have of this year will last forever. The trips we took were wonderful. But some of our fondest memories are of our office, which possessed a climate equal to that of a polar iceberg. In the beginning we were shocked, but soon became used to having our bathroom more than half full of junk. The disgusting green walls and carpet of the office seemed to close in around us the longer we worked. We will always remember the "cropper creeps" who came out at night to eat our croppers and pencils and to drink our liquid paper. And last of all, how could we ever forget those horrible lamps that Bob found for us so we could see better. Even with all its faults, our office is where we created this book, which makes it all the more special to us.

We began to think that the aggravation and hard work wasn't worth it. Although those last few days of rushing to beat the final deadline caused us to go crazy at times, the rush did not lessen our enthusiasm to see the finished product — Our yearbook. That's when we knew the aggravation was worth it.

We hope that this yearbook is as special to all its readers as it is to us.
